Add an industrial look and feel to your interior with this Philips InStyle ceiling light. Direct the light where you want thanks to the rotatable spot head. It casts warm white LED light and you can dim the light for a stunning ambiance.

Advanced LED light

- High Power LED
- Warm white light effect
- Adjustable light intensity with dimmer switch

Special characteristics

- Adjustable spot head

Sustainable light solutions

- Extremely long operating life
- Energy saving

PHILIPS

Highlights

High Power LED

The LED module of this lamp is a uniquely developed solution by Philips combining 3 LEDs in a synthetic and aluminium housing. This technique enables an optimal light output and a 100% uniform light colour.

Warm white light effect

Light up your home with warm white light effects thanks to the latest LED innovation. Philips introduces the latest generation of warm white light high power LEDs, reaching a colour temperature of 2700 Kelvin. This innovation brings the Philips lighting fixtures to the next level, allowing you to combine elegance and ambience creation with light and energy efficiency.

Dimmable

Adjust the light intensity of the Philips LED lights with a dimmer switch (not included). This makes this light ideal for creating an ambience for any occasion, whether a cosy meal à deux or chilling out with family and friends in your living room. Philips tested a number of wall dimmers that have proved to be compliant with our LED lights. A list of compatible dimmers is available in the downloads and support section.

Adjustable spot head

Direct the light where you want it most by simply adjusting, rotating or tilting the spot head of the lamp.

Energy saving

This Philips light conserves energy compared to traditional light sources, helping you to save money on your electricity bills and do your bit for the environment.

Extremely long operating life

A light source you can trust. Philips LED lights offer an extremely long-life of at least 20.000 hours (which equals 20 years on basis of an average use of 3 hours / day with an amount of at least of 13.000 on/off switching cycles). With the Philips LED lights you won't have to worry about maintenance or lamp replacement while having the perfect light ambience in your home.

Specifications

Design and finishing

- Material: aluminium
- Color: aluminium

Extra feature/accessory incl.

- Dimmable
- LED integrated
- Tilttable arm(up-down)
- Tilttable head (up-down)

Product dimensions & weight

- Height: 3.7 cm
- Length: 52.2 cm
- Width: 16 cm
- Net weight: 1.900 kg

Technical specifications

- Mains power: Range 220 V - 240 V, 50-60 Hz
- Bulb technology: LED, Safety Extra Low Voltage
- Number of bulbs: 2
- Wattage bulb included: 6.5 W
- Light color: warm white
- Lamp lifetime up to: 20,000 hrs

- Beam angle: 85°
- Total lumen output fixture: 420 lm
- Fixture dimmable
- LED
- Built in LED
- IP code: IP20, protection against objects bigger than 12.5 mm, no protection against water
- Class of protection: I - earthed
- Light source equivalent to traditional bulb of: 42 W

Service

- Warranty: 2 year(s)

Packaging dimensions & weight

- Height: 55 cm
- Length: 19.3 cm
- Width: 5.0 cm
- Weight: 2.150 kg

Miscellaneous

- Especially designed for: Living- & Bedroom
- Style: Modern
- Type: Ceiling light

Issue date 2014-08-05

Version: 2.0.1
