Sustainable light solutions

- Energy saving
- Warm white light
- Always a Philips bulb included
- Adjustable light intensity with dimmer switch

Special characteristics

- The height of the pendant is easy adjustable

PHILIPS

Suspension light
Ely matt chrome

Highlights

Warm white light

Light can have different color temperatures, indicated in units called Kelvin (K). Lamps with a low Kelvin value produce a warm, more cosy light, while those with a higher Kelvin value produce a cool, more energising light. This Philips lamp offers warm white light for a cosy atmosphere.

Adjustable height

The height of this Philips pendant light is adjustable at all times. By means of a telescopic arm you can easily twist to shorten or lengthen the pendant.

Always a Philips bulb included

High quality Philips EcoClassic energy efficient light bulbs are included in the box to achieve the best light effect.

Dimmable

Adjust the light intensity of this Philips light with a dimmer switch (not included). This makes this light ideal for highlighting a feature or creating an ambience for any occasion, whether a cosy meal à deux or chilling out with family and friends in your living room.

Energy saving

This Philips energy saving lamp conserves energy compared to traditional light sources, helping you to save money on your electricity bills and do your bit for the environment.
